

Social Distancing and Second Jobs

Some of our Sunland associates have second jobs after they leave their job at Sunland.

At Sunland we have been educating and communicating to ensure that social distancing is in place, regardless of the shelter in place orders in some locations.

If you currently have a second job, we want to remind you that you have a requirement that you notify your supervisors and/or manager. You should be prepared to respond to the following questions about the safety precautions:

Questions:

1. **Have you recently traveled to an area with known local spread of COVID-19?**
 Yes No
2. **Have you come into close contact (within 6 feet) with someone who has a laboratory confirmed COVID – 19 diagnosis in the past 14 days?**
 Yes No
3. **Do you have a fever (greater than 100.4 F or 38.0 C) OR symptoms of lower respiratory illness such as cough, shortness of breath, difficulty breathing or sore throat?**
 Yes No
4. **Are you a first responder, healthcare worker, or employee or attendee of a child or adult care facility?**
 Yes No

We want to remind each of you that we are concerned both with your health and the health of the other associates in the workforce.

If you have a second job, we expect you to be taking appropriate safety precautions at those jobs to avoid contracting the COVID-19 and spreading the virus to Sunland associates.
